THE TECHNIQUE OF HANDLING PEOPLE

By D. A. Laird and E. C. Laird
McGraw-Hill 1943 110 LL4T

Many people are constantly attempting to improve their ability as leaders. They are looking for "short cuts;" a set of rules to follow. This book provides a set of rules. Not theoretical, but rules resulting from observation. If you are one of these people, this book should prove to be exceptionally interesting and helpful.

The author has condensed many experiences into "eleven" rules for leadership, then illustrates each rule with one or more examples. Supplemental illustration is provided through brief biographies of numerous people who have been successful as leaders of people.

The small things that are often overlooked by most people frequently mean the difference between the average leader and the successful leader. Many examples given emphasize the importance of this statement.

SOIL CONSERVATION

Lowdermilk, W. C. PALESTINE LAND OF PROMISE 236 p Harper 1944
280.185 195

Dr. Lowdermilk analyses and reports on the agricultural situation in Palestine. He found long abuse of the soil and extensive overgrazing. He also found a real effort was being made to restore the lost fertility and he concludes: "If the forces of reclamation and progress Jewish settlers have introduced are permitted to continue, Palestine may well be the haven that will transform the other lands of the Near East."

Mickey, K. B. MAN AND THE SOIL; a brief introduction to the study of soil conservation. Chicago, International Harvester co., 1945. U.B. Soil Conser

"The purpose is to provide a brief and simple introduction to the subject of soil conservation for readers who have no technical knowledge of it and think they have no interest at stake in it, including city-dwellers."

HOW TO BORROW PUBLICATIONS

Visit the library; telephone; or submit your requests for publications on Form AD-245.

If you do not have a supply of these, request them from your central supply office. For instructions on how to use Form AD-245 see the NEWSLETTER for February 1944.

Loan Period: Periodicals may be kept for only 3 days. Additional time is allowed for mailing. Books are loaned for two weeks in Albuquerque, and for one month to the field unless there is a long waiting list. Longer loan periods may be arranged, if requested. Renewals may be granted if there is no reserve on the publication desired. All material on file is for your use. You are invited to visit the Library.

PLEASE NOTE

When there are several requests for the same publication it may be some time before it can be sent to all those desiring it.

When asking for a particular publication let us know if we can substitute other books or bulletins with similar information if that one is in use. The specific publication requested will be sent later when it becomes available.

Please return publications when they are due - we do not like to send overdue notices and you do not like to receive them. Save your time and ours by returning publications on time.
